USE MyLA311 – Important tips

MyLA
311

Provide an email address to get status emails when SR opens and closes. SR number can be used to look up status quickly or Register for more.

Not every SR can be completed in a few days – some need a lot of time or funding, some are NOT City responsibility, some can't be done due to inaccurate location and lack of contact information to get more info.

If problem is not resolved within reasonable time – Consider calling or looking up status using the SR number or providing contact information.

Location – if problem is not directly in front of an address then location description/details can be extremely important to help the crew find the problem. **Example** – “in the alley behind...”, “half way down the block on the west side, in the vacant lot next to the bank...”

Ways to help improve City services in your Neighborhood:

- . Download and use the MyLA311 mobile app - Free.
